1. All previous objection(s), provisional rejection(s) and rejection(s) are withdrawn in view of Applicant's response filed on October 5, 2006.
2. The terminal disclaimer filed on September 27, 2006 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of any patent granted on Application Serial No. 10/537,044 has been reviewed and is accepted. The terminal disclaimer has been recorded.
3. The following is an examiner's statement of reasons for allowance: Applicant has overcome the provisional double patenting rejections relative to Application Serial No. 10/537,044 by filing the above mentioned terminal disclaimer; and the now applicable prior art of record does not teach or reasonably suggest the apparatus, as recited by instant claims 1-3, particularly wherein the respective direction-changing member includes the low-wear plastic material and is linearly movably guidedly arranged on the base element fixed with respect to the machine and is connected to the compensating device which is compensating for the tolerance play, which is dependent on the temperature and/or the speed of the mold jaw halves, which circulate along the associated guide path wherein the respective direction-changing member is provided with the clothoid-like guide edge for the associated mold jaw halves.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
